

Hi,

Roger, Bob, Paul and team - We just wanted to pass on our appreciation to the gentlemen who taught the hunter safety course in August. You may recall there was a youngster named Ricky (age 10) who was an active participant in the class. Well, Ricky came to Vermont with his dad on his first hunting trip this past weekend to participate in the youth hunting season. One day into his hunting career, on Sunday morning, he shot this young buck using a Marlin 30-30. He was extremely motivated and worked very hard for this deer. We just thought you'd like to see the result of your efforts - you guys do great work!

Many Thanks

Rich Moore
